Clinic for Dolls

Advisory - the following lyrics contain explicit language:

She ran to the door - now impossible
For her to pass
Night as a guard
on the other side of timeShe said - it will pass, after all
It must end
She said - I'll return transformed
With the power of places
Time crumbled, into grains of sand
Traces of feelings
How to remove the spell?Clinic for dolls
White rooms, beds in rows
Clinic for dolls
Clinic for dolls
White ladies with aching soulsShe said -what will be
Will be,tough luck
And she walked the night down the path
of nightmares
Refused to listen when he told her
The world will harm you
How to,how to,how to,how to
How to remove the spell?Clinic for dolls
White rooms, beds in rows
Clinic for dolls
Clinic for dolls
White ladies with aching soulsShe ran to the door - now impossible
For her to pass
Night as a guard
on the other side of timeShe said - it will pass, after all
It must end
She said - I'll return transformed
With the power of places
Time crumbled, into grains of sand

Traces of feelings
How to remove the spell?Clinic for dolls
Glass eyes,dead smile
in the evil carnivalClinic for dolls
Ballet of shadows with empty heartsClinic for dolls
Glass eyes,dead smile
in the evil carnivalClinic for dolls
Ballet of shadows with empty,empty hearts
