

# I've Got What It Takes

Alex Day

There are so many souls who don't follow their dreams  
Ignoring their passions makes no sense to me  
I could love or waste time to follow the seasons  
But I think I regret it when I fall asleep I don't have super powers, there's no magic spell  
But I remain faithful for things to go well  
I'm not looking for miracles; at least for today  
I know I've got what it takes And it's hard when you start and it's never at ease  
Stars are so far but they'll always be seen  
I can't pretend I just make things with no rhyme or reason  
Boy, the work's worth it when I fall asleep I don't have super powers, there's no magic spell  
But I remain faithful for things to go well  
I'm not looking for miracles; at least for today  
I know I've got what it takes There's no end in sight  
So I'll take my time  
Crossing the lines  
Keep holding on, keep singing this song And if people don't like it, well it won't bother me  
Failure's still something I can say I've achieved  
I won't forget their opinion; moving on isn't easy  
But not doing things would be boring, indeed I don't have super powers, there's no magic spell  
But I remain faithful for things to go well  
I'm not looking for miracles; at least for today  
I know I've got what it takes I know I've got what it takes
