## **Endless**

## **Professional Murder Music**

I've never seen anything that's quite like you. I've never been to a place that felt this cold. Now I feed on the worlkd you shoved me in. All these days I waited here patiently. What they say now means nothing more to me. And it seems so much easier this way. Now I start to think that nothing here is true as I fall away. If I was to wait for you would it mean a thing? At times it all feels endless. I don't have anymore fear now that I'm so gone. I don't mind what's become. I have given every peice of myself. It's alright, almost numb. Now there's nothing that an ever stop me. Now I start to think that nothing here is true as I fall away. If I was to wait for you would it mean a thing? At times it all feels endless. I don't have anymore fear now that I'm so gone.
