If I

Kindred the Family Soul

If I smiled at you, would you stay with me?
If I made a place for you, would you lay with me?
If I dance for you, would you groove with me?
Please be with me, be with meHow I could I explain without fear
How I look at you after last night
I cloud lay here for all my life
Never again see the days lightJust be here and touch my face
And don't ever leave my sight
I'm a drunken fiend for the smell of you
If you go away what would I do
Oh yeah baby, what would I doIf I smiled at you, would you stay with me?
If I made a place for you, would you lay with me?
If I dance for you, would you groove with me?
Please be with me, be with meI'd do anything for you, there is no doubt
I'm going with my heart and I can feel it's right
If I fall behind then girl don't count me out
And we will never part 'cause the bond is too tightLet me make this clear that the love we share
Is something girl that is truly rare
I'd climb a mountain, I'd swim a stream
Just to be with you, it's my only dream
It's my only dreamIf I smiled at you, would you stay with me?
If I made a place for you, would you lay with me?
If I dance for you, would you groove with me?
Please be with me, be with meIf I smiled at you, would you stay with me?
If I made a place for you, would you lay with me?
If I dance for you, would you groove with me?
Please be with me, be with me
