# Turn Your Mind Over To Your Heart

## Bill Hicks

Climbed out of the ocean
Learned to walk upright
Now not one of us who can take flight
Gonna live on the moon someday
Hope itâ€™s not because we blew the earth away
Turn your mind over to your heart
Turn your mind over to your heart
Always known it
Itâ€™s just a matter of remembering
Weâ€˜ve known it from the start
Nowï»¿ itâ€™s just so simple
Turn your mind over to your heart
Turn your mind over to your heart
No more lonely people
No more dying in the streets
No more tragic lovers
Unable to meet
Nothing can stop us now
Nothing can keep us apart
Turn your mind over to your heart
Turn your mind over to your heart
Turn your mind over to your heart
Turn your mind over to your heart
