Now this whole term of this President of the United States is just a whole sham

Imposter in the White-house in 2008 until now it sucks ya heard(Verse)

O.B. he fucked up the economy four times more than W. Bush 2012 elections was a sham

Voters fraud and intimidation got the people them afraid and it was too damn extreme

The takers outnumber the contributors hands out saying gimmi gimmi gimmi what you got

And this mentality it really sucks it makes me scratch my head and I just shout what the fuck(Chorus)

F.O.B. (8 times)(Verse)

To God I put my trust invested in a 12 gauge shot gun no more games and no more fun Mr. nice guys

Left the building say hello to my little friend Im not gonna ask you again just like Childs Play its your end

O.B. is Obama Barrack tell him to suck a big fat cock cause he messed up the economy and I hate this man

more than life it self

I wish that he would just burn up and die thats just the way how I feel I dont care what you tell me
