

# Heartbreaker

## The Walkmen

I have no business, asking you the words  
I know the reason, you exaggerate  
I know the answers, to all your demands  
I have no secrets I'm not your heartbreaker  
Some tender ballad playin'  
I'm not your heartbreaker These are the good years  
Ah, the best we'll ever know  
These golden light-years I'm not your heartbreaker  
Some tender ballad playin'  
I'm not your heartbreaker You know I'm hopeless  
Oh no, no you're wrong  
It's not the singer  
It's the song You know I'm helpless  
Oh no, no you're wrong  
It's not the singer  
It's the song On the short days  
Like the Chinese stars  
Let's dance in our uniforms These are the good years  
Ah, the best we'll ever know  
These golden light-years I'm not your heartbreaker  
Some tender ballad playin'  
I'm not your heartbreaker I'm not your heartbreaker  
Some tender ballad playin'  
I'm not your heartbreaker  
I'm not your heartbreaker
