

# If There's Such a Thing as Love

## The Magnetic Fields

Now the clock is striking one  
So we might as well begin it  
As there's dancing to be done  
And our time is not infinite If there's such a thing as love  
(Such a thing as love)  
If there's such a thing as love, I'm in it So you claim you love me too  
Lloyd's of London guarantee it  
Gaze into these eyes of blue  
You do love me I decree it If there's such a thing as love  
(Such a thing as love)  
If there's such a thing as love, give me it When I was two and a half  
My momma said to me  
"Love is funny, you will laugh  
Till the day you turn three" Like a kitten up a tree  
Needs a fireman to rescue it  
So your fireman I will be  
And I'll really get into it If there's such a thing as love  
(Such a thing as love)  
If there's such a thing as love, let's do it I thought I'd known love before  
That was not it but I thought it  
So I thought I'd win the war  
Or I never would have fought it If there's such a thing as love  
(Such a thing as love)  
If there's such a thing as love, I've caught it If there's such a thing as love  
(Such a thing as love)  
If there's such a thing as love, I've caught it If there's such a thing as love  
(Such a thing as love)  
If there's such a thing as love, I've caught it
