Never Let Go

Eleisha Eagle

What if I can't take it
when we say goodbye
And I'm all alone

Tell me how I'll get through,
Tell me how I'll get through this

Cause I've grown attached to
And I've drawn a map to
Your scent
What I meant is
I'm never letting go oh oh oh oh oh

I may encounter the cold
When you're not there to hold me
Baby you (?) me slow
But never let go

Clocks tick
days quickly fade
I get further away
And I long to return to you

Tell me how I'll get through
Tell me how I'll get through this

Cause I've grown attached to
And I've drawn a map to
Your scent
What I meant is
I'm never letting go oh oh oh oh oh

I may encounter the cold
When you're not there to hold me
Baby you (?) me slow
But never let go
I'll come back to you

Never letting go
I'm never letting go

And I'll see you soon

Cause I've grown attached to
And I've drawn a map to
Your scent
What I meant is
I'm never letting go oh oh oh oh oh

I may encounter the cold
When you're not there to hold me
Baby you (?) me slow
But never let go

Never let go
