

# Movies Of Myself

## Rufus Wainwright

Stop me falling down, stop me making movies of myself  
Put that old dog down, stop me making movies of myself  
Bring the carriage 'round, get me to the garden of sleep  
Make that high gate speak, Perrier out of a paper bag Looking like a hag  
And start giving me something  
A love that is longer than a day  
Start making my heart sing something that it doesn't want to say I'm handing it over, I'm saying that you're the  
only one  
Don't run for the border, turn that corner  
Already you've run in movies of myself  
Darling don't you ever let me go  
Wrap your loving arms around me  
While the cold winds blow Tell me what I really want to know  
??Cause I'm looking for a reason, a person, a painting  
A Saturday Evening Post Edition by Jesus  
An old piece of bacon never eaten by Elvis So I'll say start giving me something  
A love that is longer than a day  
Start making my heart say something it doesn't want to say  
I'm handing it over, I'm singing that you're the only one Don't run for the border, turn that corner  
In movies of myself  
Oh I've seen it all before in movies of myself
