Cay's Crays

Fat Freddy's Drop

Do I question my loalties?
Do I try and work it out?
Well, you're the part of my memories,
that I never wanna live without

So long I've been gone, so many things have changed
But I know where I belong, and I know when I reach that place...
oooh ooh oh, I know, when I reach that place
yeah yeah yeah yeah
I see the rain come down while the sun is shining
I see them dance into the night (ahhh ahh ahh ahh)
I see the rain come down while the sun is shining
Stand at the base of your mountain high
Dance into the night (ahhh ahh ahh ahh)

Skank be the rock in my life
Skank be the rock in my life
Skank be the rock in my life
Skank be the rock in my life
Skank be the rock in my life
Skank be the rock in my life
Skank be the rock in my life
(ohhhh)
Skank be the rock in my life
(I keep on telling you)
Skank be the rock in my life
(ohhhh, yeah)
Skank be the rock in my life
(ohhhh)
(I keep on telling you)
Skank be the rock in my life
(ohhhh, yeah)
Skank be the rock in my life
(ohhhh)
(I keep on telling you)
Skank be the rock in my life
(ohhhh)
(I keep on telling you)
Skank be the rock in my life

(ohhhh)
(I keep on telling you)
Skank be the rock in my life
(ohhhh)
(I keep on telling you)
Skank be the rock...

Fire!
Starts in my heart when I reach that place
Home again where I belong
Fire!
Starts in my heart when I reach that place
Have I been away too long?
Fire!
Starts in my heart when I reach that place
Home again where I belong
Fire!
Starts in my heart when I reach that place
Have I been away too long?
Have I been away too long?
Have I been away too long?
