

Letters & Love Notes

Go Radio

And I'm tearing down the walls I've made
To try and keep girls like you away
But still you'll find your way right back into my heart

And am I'm the only one in this
That's finding it hard to be missed
I've been waiting here for just one kiss
From someone else's lips

And I'll be just fine
If you just stay here for a while
And I'll be okay
If you just stay with me
And I'll be just fine
If you just stay here for a while
And I'll be okay
If you just stay with me

And I'm staying up all night again
Writing songs about where and when
I could hold you 'til you rest your head to sleep

This is the part where I should act my age
Go get a job and let's all get paid
We'll live it up until the end of days
You and me, wait and see, honestly
Please promise me

And I'll be just fine
If you just stay here for a while
And I'll be okay
If you just stay with me
And I'll be just fine
If you just stay here for a while
And I'll be okay
If you just stay with me

Stay with me
Stay with me
Stay with me

Stay with me
And all I wanted was a happy ending
A better life just stay with me

And I'll be just fine
And all I wanted was a happy ending
And I'll be okay
If you just stay with me
And I'll be just fine
If you just stay here for a while
And I'll be okay
And I will be okay
And I'll be just fine
If you just stay with me

And all I wanted was a happy ending
A better life just stay with me
