

# Destructive Love Affair

**Ky-Mani Marley**

Say ain't nobody perfect  
So let's just make it clear  
You've hurt me and I've hurt you  
This destructive love affair  
No we don't need to mean it,  
to break each other's heart  
I rather have you close to me  
than to leave you some afar  
I gave you the best of me,  
and nothing less of me  
and you break my heart  
and you made it hard to love again  
yes you did.  
I gave you the best  
I didn't want to say this,  
But damn this really hurts,  
I was warned that this would happen  
and that's what makes it worse  
Would I lie?  
Would I steal?  
Would I kill for your love in a hurry?  
in my life I put you first  
I guess .....???  
maybe that's what I've deserve  
I gave you the best of me,  
and nothing less of me  
and you break my heart  
and you made it hard to love again  
yes you did.  
I gave you the best  
I gave you the best (2X)
