

Lay Back In The Sun

Spiritualized

Hey take it right down
Lay back in the sun
Gonna have me some good times babe
Good dope good fun
Hey honey y'know
Gonna slip on right down
Gonna have me some good times in town
Gonna have me some good friends around Hey honey I feel
So good to be free
I've got a fever inside of my soul
I've got a fire in me Gonna have me some fun
Lay in the sun
Take me some more
Take me someone
Gonna have good times babe
Good dope good fun Hey take it right down
Lay back in the sun
Gonna have me some good times babe
Good dope good fun Hey honey y'know
Gonna take you right down
Gonna have me some good friends around
Gonna have me some good times in town Gonna get me some fun
Take me some more
Take me somewhere
Lay in the sun
Have me some fun
Take me someone
Take me somewhere
Lay in the sun (repeat first 3)
Lay back in the sun
Get me some fun
Have me some wine
Have me some time
Take me somewhere
Take me someone
Lay in the sun
Lay in the sun Good dope good fun
