Dancing In The Moonlight

Elvis Costello

Walking in the rain
Far away from nowhere
No more noise
The silence and the music that's in my brainWalking through the night
A different atmosphere
No more noise
Just silence and the sound that's in my earI'm just dancing
Dancin' in the moonlight
I'm dancing
Dancin' in the moonlightWalking down the hill
Listening to the trees
No more noise
Just silence and the raindrops on my shoesWalking down the beach
Sparkling lights on the water
No more noise
Just silence and by the way I'm feeling freeI'm dancing
Dancin' in the moonlight
I'm dancing
Dancin' in the moonlight
I'm dancing
Dancin' in the moonlight
I'm dancing
Dancin' in the moonlightI'm just dancing
Dancin' in the moonlight
I'm dancing
Dancin' in the moonlight
I'm dancing
Dancin' in the moonlight
I'm dancing
Dancin' in the moonlight
