

Lord Let It Rain On Me

Spiritualized

Jesus Christ
When your back's against the wall
It's sure hard to be grateful
When you've nothing here at all You say that hell's below us, Lord
Heaven can be mine
I don't believe your promises
I don't believe your lies And Lord, let it rain on me
Let it all come down
I'll sell my soul to let it roll
And I'm about ready now Lord, let it rain on me
Now I know I'm goin' down
I've got a little knowledge, Lord
And I'm about ready now Jesus Christ
Look what you've gone and done
2,000 years of lookin' down
The barrel of a gun You got the fools believin'
That there's somethin' else to gain
Jesus Christ
When you comin' down again? And Lord, let it rain on me
Let it all come down
I'll sell my soul to let it roll
And I'm about ready now Lord, let it rain on me
Now I know I'm goin' down
I've got a little knowledge, Lord
And I'm about ready now Lord, let it rain on me
Let it all come down
I'll sell my soul to let it roll
And I'm about ready now Lord let it rain on me
Now I know I'm goin' down
I've got a little knowledge, Lord
And I'm about ready now Lord, let it rain on me
Let it all come down
I've got a little knowledge, Lord
And I'm about ready now Lord, let it rain on me
Let it all come down
Lord, let it rain on me
And I'm about ready now
