

Wide Awake

Splender

Does anybody hear?
I'm sorry that I'm late
I hate to keep you waitingI try to get it right
But all I get is wrong
My memories are fading longI'm wakin' up
I'm wakin' up
I wanna live myself to the bitter top
I'm wakin' up
I'm wakin' up
I wanna spin my wheels till I make it stopI'm wakin' up
I'm wakin' up
I wanna build my ship till I've had enough
I'm wakin' up
I'm wakin' up
I wanna dive myself into this waterI'm sorry that I'm late
It happens all the time and if you walked away
You know you'd do betterI try to get it right
But all I get is wrong
My memories are fading longI'm wakin' up
I'm wakin' up
I wanna live myself to the bitter top
I'm wakin' up
I'm wakin' up
I wanna spin my wheels till I make it stopI'm wakin' up
I'm wakin' up
I wanna build my ship till I've had enough
I'm wakin' up
I'm wakin' up
I wanna dive myself into this waterAs long as I am wide awake
As long as I am wide awake
As long as I am wide awake
As long as I am wide awakeAnd I left my pieces everywhere
And I sat my arse down on this chair
Come and stare, I'll be here
As long as I'm aliveI'm wakin' up
I'm wakin' up
I wanna live myself to the bitter top
I'm wakin' up
I'm wakin' up

I wanna spin my wheels till I make it stopI'm wakin' up
I'm wakin' up
I wanna build my ship till I've had enough
I'm wakin' up
I'm wakin' up
I wanna dive myself into this waterAs long as I am wide awake
(I'm wakin' up)
As long as I am wide awake
(I'm wakin' up)
As long as I am wide awake
(I'm wakin' up)
As long as I am wide awakeIs anybody here?
I'm sorry that I'm late
I have to go
