

Price Of Love

Boyzone

Fumbling round now in the dark
I hear the banging from my heart
I'm getting so close to you
Looking like I found the clueAnd am I sentimental crazy
And is this what we wantAnd that's the price of love
And do I have enough
And that's the price of love
And do I have enoughA kiss may not be all the truth
But let's just make it what we want
And I will never make a promise
Though I will never tell a lieAnd am I sentimental crazy
And is this what we wantChorusOh yeah do I have enough of your love
Oh yeah do I have enough of your loveAnd am I sentimental crazy
And is this what we wantAnd that's the price of love
And do I have enough
And that's the price of love
And do I have enough
And that's the price of love
And do I have enough
