

# Time To Say Goodbye

## Simple Plan

I just don't wanna waste another day  
I'm tryin' to make things right, but to shove it in my face  
And all those things you've done to me I can't erase  
And I can't keep this inside  
It's time to say goodbye On the first day that I met you  
I should have known to walk away  
I should have told you you were crazy  
And disappeared without a trace  
But instead I stood there waiting  
Hoping you would come around  
But you always found your way to let me down [Chorus]  
It's time to say goodbye (I just don't want to waste another day)  
It's time to say goodbye (cause things won't ever be the same)  
It's time to say goodbye (you made me see I need to walk away)  
It's time to say goodbye After all the things I've done for you  
You never tried to do the same  
It's like you always play the victim  
And I'm the one you always blame  
When you need someone to save you  
When you think you're gonna drown  
Cuz if you just wrap your arms around me and pull me down [Chorus] Now I'm gone, it's too late  
You can't fix your mistakes  
I was trying to save you from you  
So you scream, so you cry  
I can see through your lies  
You're just trying to change me Somewhere in the distance there's a place for me to go  
I don't want you to hate me, but I think you need to know  
You're weighing on my shoulders, and I'm sick of feeling down  
So I guess it's time for me to say goodbye
