

# Dusted

## Belly

Baby's playing dead in cellar  
Gave her water just got paler  
Grass stains, backburns, she's a screamer  
She's just dusted, leave her If you see her, don't upset her  
Never seems to get much better  
Grass stains, backburns, she's a screamer  
She's just dusted leave her Her "mmmmmm"  
Goes to your heart  
Her "mmmmmm"  
Sticks in your head Baby's playing dead in cellar  
Gave her water, she got paler  
Grass stains, backburns, she's a screamer  
She's just dusted, leave her
