Cheatin' On Me

Tampa Red

You ain't the gal you used to be
You used to mean so much to me
You had me blind but now I see
I know, you been cheatin' on meSo, get your D's and your dosies's too
Be on your way, I'm through with you
I can't stand the way you do
I know, you been cheatin' on meAs good as I've been to you
You let the devil fool you
Hurray and Hallelujah
You know, you had it comin' to yaThough there is nothing to confess
I have seen enough to know the rest
What I'm doin' in for the best
I know, you been a-cheatin' on meGet it nowYou ain't the gal you used to be
You used to mean so much to me
You had me blind but now I see
I know, you been-a cheatin' on meSo, get your D's and your dosey's too
Be on your way, I'm through with you
I can't stand the way you do
I know you been a-cheatin' on meAs good as I been to you
You let the devil fool you
Hurray and Hallelujah
You know, you had it comin' toGet it here
