My Kind of People

Cee-Lo

So if you like coke
And you like dope
You're my kind of people
(My kind of people)
You're my kind of people
(My kind of people)And if you're good
I knew you would
You're my kind of people
(My kind of people)
You're my kind of people
(My kind of people)My name is sugar, spread sweet as a candy shop
Give the valet the car keys of the candy drop
Now gather round y'all, here comes a sight to see
Me and Menta'll come and kill 'em consecutivelyI walk through the door, I don't even look at the line
Smokin' pine, standin' under the exit sign
Shorty greets me with a grin and she starts to grind
We're havin' big fun till the sun starts to shineSo if you like coke
And you like dope
You're my kind of people
(My kind of people)
You're my kind of people
(My kind of people)A little rock and roll
A whole lot of soul
You're my kind of people
(My kind of people)
You're my kind of people
(My kind of people)We gon' drank good, gon' smoke good
The interior is all oak wood
You know how me and my folks do it
It's A-Town, we don't play around78 Sevilles on Ferris wheels
Where it's at? There it is
Did you like that? Well, then write back
Matter fact, wait a minute, I'll be right back(Skuurt)
I'm back what's up now
I done went and got my truck now
I'm a lone dude comin', good luck now
Somebody else wants to fuck nowNow you know 'Lo and his cognac
He done been to the moon, have you done that?
Get on in and lemme show you the world

Lemme use my kind of people, girlSo if you like coke
And you like dope
You're my kind of people
(My kind of people)
You're my kind of people
(My kind of people)And if you're good
I knew you would
You're my kind of people
(My kind of people)
You're my kind of people
(My kind of people)Now I can smell it, somebody put good grain in the air
(Ain't nothin' better than some real good music)
And there's a lot of fine ass women everywhere
(Oh 'cause your eyes are just that no good)Ain't nothin' wrong with dancin' and drinkin' and havin' fun
(Girl, get on the floor, put your back into it)
Why won't you take your dead ass home if you ain't havin', none?
(Don't just stand around and just watch us do it)So if you like coke
And you like dope
You're my kind of people
(My kind of people)
You're my kind of people
(My kind of people)A little rock and roll
A whole lot of soul
You're my kind of people
(My kind of people)
You're my kind of people
(My kind of people)
