

Crush On You

Aaron Carter

You found out, kick it
You found out, I've got a crush on you
You must have heard it from my best friend
She's always talkin' when she should be listening
Can't keep a secret to save her life
But still I trusted her with all I felt inside
I never knew a rumor spread so fast
But now the word is out all over town
That I'm longing for you
How did you know 'cause I never told?
You found out, I've got a crush on you
No more charades, my heart's been displayed
You found out, I've got a crush on you
Maybe I was the one who left a trace
Was there a message written on my face?
Were my emotions so easily read
That you would know my thoughts before a word was said?
Was it my eyes that let you know you had control?

Because the way you move was so self-assured
You knew I would surrender
How did you know 'cause I never told?
You found out, I've got a crush on you
No more charades, my heart's been displayed
You found out, I've got a crush on you
Kick it, one time, get up, get down
How did you know 'cause I never told?
You found out
No more charades, my heart's been displayed
You found out
How did you know 'cause I never told?
You found out, I've got a crush on you
No more charades, my heart's been displayed
You found out, I've got a crush on you
You found out, I've got a crush on you
You found out, I've got a crush on you
