

Crush On You

Mr. Cheeks

Take it from the top with nothin' but the hot shit
I told 'em we got shit and it smells
Mario, what's the verdict? Hey yo, Mr. Cheeks
I know ya heard it the way we move
Spaz out on who? Boo c'mon, yeah, that's how we do it
This one's for you, c'mon
I did it like the Elements and wrote a song for ya
No kiddin', where my billin's gettin' strong for ya
And if I really had a chance, I'ma pick you
You got plans and finesse, you dress sick too
I'ma holla at you every time ya pass by
And if I don't get you now this ain't the last try
You play hard to get, I like steppin' up ma
Like bend over, yeah we both got enough time
And yousa don, so take this where ya go
Anywhere you at you'll always hear the call
In ya ear, in ya heart, until I gets through
And that's my word, I'm not stoppin' till I get you
I know your pretty ass for years but don't know, ya know ya
We get Manola and I feel like I got some things to show ya
I've done traveled through the world
Balled out at clubs and coughed hurl, got weed, now I need me a girl
I've got a crush on you, my baby
So let's put a rush on us, sweet lady
Maybe we can share our love with things we got related
'Cuz I got a crush on you, my baby
You come back, I'ma keep this Mo' on show for ya
Imagine if you felt the same way I feel for ya
Yeah, you see that would be something
This thing we can have together but you be frontin'
Basics, take your time though
I don't really mind anytime I'ma make your pretty ass mine
So keep doin' what you doin' till you ready for a
Big nigga like me 'cuz I'm ready for ya
Yeah, holla back shorty I'm waitin'

Ready and willing, anticipatin'
Whenever you call I'll be there in a double
If you need me for love or you in some trouble

It don't matter what it is, I'm there
Baby girl, open up, listen I'm here
Tell me if there's anything I could bring for ya
Chicken wing, though a nigga had a thing for ya
I've got a crush on you, my baby
So let's put a rush on us, sweet lady
Maybe we can share our love with things we got related
'Cuz I got a crush on you, my baby
Listen, last but not least, before I go
There's something else that you should know
I'm your number one man when I add you to my plans
I mean when your brain lands
Delicate like a flower, I'ma love you with all my power
Think about you every minute of the hour
All I need is your number and a chance
Save me the last dance
I've got a crush on you, my baby
So let's put a rush on us, sweet lady
Maybe we can share our love with things we got related
'Cuz I got a crush on you, my baby
Ohh, ohh
I got a crush on you, oh yes I do
Ohh, ohh
I got a crush on you, my baby, baby, baby, baby, baby
I've got a crush on you, my baby
So let's put a rush on us, sweet lady
Maybe we can share our love with things we got related
'Cuz I got a crush on you, my baby
Baby, we can hang out
Later on I can sing this song
