

# Love Story

## Dave Days

I feel good, i feel wonderful  
and thats because, you made it that way  
i feel super, spectacular because of you  
and now im flying, i think im floating  
i feel so high, your love takes me to the sky  
if i fall, i wont care cuz im safe with you  
cuz im in love with your story  
and im love with your smell and your smile  
so keep on lifting, i wont stand in your way  
cuz im in love with you  
now baby ur the truth, so im just being honest  
u treat me like a king so thats y ur my highness  
that means queen seems i known u for the longest  
funny how we connected on the low like vonage  
and i know it aint as deep as it could be, or as it would be but thats how it should be  
cuz over time we gone be fine like wine, i neva put another ova mine  
see difference between you and them, is they just wanna shine and well you, u just want sean  
so tell mama sandy, mama myra and that family, that when i get that grammy, they gone be a granny  
and if i see that reaper, before u see that reaper  
just kno i love u everytime u hear me thru them speakers  
and i aint tryna blow ur head up like reefa but we got chemistry to the point we need a beaker

so promise that ull keep me, promise u wont leave astray  
u promise me forever, you promise me to stay  
so i keep you with my laughter, feel so complete  
theres something bout ur brown eyes, that gets me lost for days  
ur touch is like an angel looking out for heavans grace  
and thats y, ill keep u sheltered from the storm  
i need you here with me  
cuz im love with your story  
and im love with your smell and your smile  
so keep on lifting, i wont stand in your way,  
cuz im in love with you  
now listen, first off, if it was the last thing  
id put u first so u deserve my last name  
you make my worst days feel like my birthday  
if we never happen we'll regret it in the worst way  
like not seeing the world trade, ur worth the galaxy baby so lets world trade  
and i tend to tell god thank you, cuz baby you an angel, at least from my angle

cuz im in love with your story,  
and im in love with your smell and your smile  
so keep on lifting, i wont stand in your way  
cuz im in love with you
