Killing Time

Joi Cardwell

Standing on the corner watching my life go by
Im just killing time
I ant so disappointed
Cant put my fnger on te reason why
Put another one to rest
He was among the best of us
Oh yes
Need to find a lil hope
So I wont choke on the now
Bye and bye bye and bye
Ooh
Im killing time
Killing time
Just waiting for the next time
Killing timeKicking it the other day
I couldn't find my way
To the other side of town
Destiny had it in for me
Thought I would drown
But I stepped up into another world
Removed the old self put it on a shelf
Turned around and picked myself up
And made a dime or twoIm killing time
Killing time
Just waiting for the next time
Killing time.
Baby baby
You know what im saying
Im just killing time
Killing time
Killing time.
