Another Chance

Tammy Wynette

When you left you said you's doin' me a favor
I cried and I begged you not to go
Now it's just been two short weeks
And you want to come back
But I think there's somethin' that you oughtta knowI've rearranged the livin' room to suit me
I gave your favorite chair to charity
That closet you insisted on, it's mine now
So don't bring your old hangups back to meI'm wearin' my jeans a little bit tighter
Changed my hair style and I'm learnin' how to dance
So maybe you best wait a little bit longer
'Fore you come back and give me another chanceI thank you for your call but someone's knockin' at the door
And he's drivin' a big old Cadillac
I prob'ly won't be home when you come to get your clothes
There on the back porch in a paper sackI'm wearin' my jeans a little bit tighter
Changed my hair style and I'm learnin' how to dance
So maybe you best wait a little bit longer
'Fore you come back and give me another chanceI'm wearin' my jeans a little bit tighter
Changed my hair style and I'm learnin' how to dance
So maybe you best wait a little bit longer
'Fore you come back and give me another chance
