

I Woke Up

[Tim Buckley](#)

Advisory - the following lyrics contain explicit language:

Now the sun
Sits on my hand
Oh, where
Are you? Walking the wind
I fly above
The shore of the town To the hills
Where I can hear
The harbor bells
Ring slavery Where the fortune teller sighs to me
Oh, I see your woman in the raw Ride
A mare of stone
And how I woke up
While morning built
The world
With light Crossing their hearts
Twelve sailor boys
All stood in a ring
'Round our bed Out of the grass
A dancer rose
Shivering Oh, the sailor's pointing
Out to sea
And the dancer diving
Up the sky Sing
'Til we forgot
The day
