

Is This Happiness

Lana Del Rey

I've been in Hollywood
Hills taking violet
Pills writing all of my songs
We'll blend with cheap friends
You're a hard man To love, and I'm
A hard woman too to keep track of
You like to rage
Don't do that
You want your way
You make me so mad
Got your gun
I've got my dad Is this happiness
Is this happiness
Is this happiness
Is this happiness I've been in Hollywood
Hills crushing violet Pills you've been trying to write a novel
'Bout your cheap thrills
You think you won the race
But soon I think you're fucking crazy as day is long
Man to man
Heart to heart
I love you but you drive me so far
Wish you well
On that star Is this happiness
Is this happiness
Is this happiness
Is this happiness Witch-hazel
Witch-hazel
Betrayal
Betrayal
One gun on, don't take boy
Hands short if
You're able Is this happiness
Is this happiness
Is this happiness
Is this happiness
