I Want It All

The Griswolds

I, I'll never forgive you
I just want to take you home
And I never miss you
Just don't want to be alone
I want it all
And all, I'm doneI, I'll never forgive you
And I'm waiting by the phone
And I never miss you
Cos my heart's in cruise control
I want it all
And all, I'm done
I want it all
And all, I'm done
I, I'll never forgive you
I just want to take you home
And I never miss you
Just don't want to be alone
I want it all
And all, I'm doneI, I'll never forgive you
And I'm waiting by the phone
And I never miss you
Cos my heart's in cruise control
I want it all
And all, I'm done
We made a huge mistake
And I took all that I could take
We made a huge mistake
Are we better off this way?
And we found truth in all the confusion
Throwing it all away (throwing it all away)
And we made a huge mistake
And we're better off this wayI, I want to forgive you
Why you pulling at my soul
Try not to miss you
Make believe I'm in control
I want it all
And all, I'm doneI, I want to forgive you
And I want to take you home
Try not to miss you

Just don't want to be alone
I want it all
And all, I'm doneWe made a huge mistake
And I took all that I could take
We made a huge mistake
Are we better off this way?
And we found truth in all the confusion
Throwing it all away (throwing it all away)
And we made a huge mistake
And we're better off this wayAnd I could never be the one you hold
I could never be the one you hold
I hate that I don't hate you, though
I'll make this home without you
And I could never be the one hold
No, I could never be the one you hold
I love that I still love you, though
I'll make this home without you(We're better off...)We found truth in all the confusion
We're throwing it all away
And we found truth in all the confusion
We're throwing it all away (throwing it all away)
We made a huge mistake
And we're better off this way
And we made a huge mistake
And we're better off this way
