Just Because Of You

Us5

Just because of you, I'm cryin in sadness
Just because of us, I feel like I'm dyin
So I'm beggin you, wantin you, callin you
[Jay:]I never believed our love would die,
It's funny how time just passed us by
I couldn't imagine you'd walk out my life
[Chris:]And all of the girls that I once knew,
They all disappeared when I met you
You're all that I ever wanted in my life
[All:]I'll find a way to make you stay, I still believe in our love
I see the truth, because of you, the key to our lasting love
[Chorus:]
Just because of you, I'm cryin in sadness
Give it one more try, and I'll do the same
Just because of us, I feel like I'm dyin
So I'm beggin' you, wantin' you, callin' you
[Richie:]I never believed a man should cry,
Until you got up, and said goodbye
I pray for the day, you'll come back in my life
[Michael:]I'd do anything to make this right
If only I had you by my side
I'm thinking about you baby day and night
[All:]I'll find a way to make you stay, I still believe in our love
I see the truth, because of you, the key to our lasting love
[Chorus x2]
