

# Will Anything Happen?

## Blondie

I said you could make it  
I know what I said and I meant it  
I always loved the way you played guitar  
I always knew that someday you'd go far  
And if you do, will anything happen?  
Will it come true, will anything happen?  
Will I see you again?  
You said you'd be through here again  
Please don't forget, I'm here, waiting  
You always said that you would never change  
Like the people that you've met  
And the places that you've been  
And if you do, will anything happen?  
Will it come true, will anything happen?  
Will I see you again? Will I see you again?  
I always said you could make it  
Just don't forget that I said it  
'Cause I always liked the way you played guitar  
And I always knew that someday you'd go far  
And if you do will anything happen?  
Will it come true, will anything happen?  
Will I see you again? Will I see you again?  
Will I see you again?  
And if I do, will anything happen?
