

# All That I Need

## Method Man

Chorus:

You're all I need to get by--

(x2)

Verse One:

Shorty I'm there for you anytime you need me

For real girl

It's me in your world, believe me

Nothing make a man feel betta than a woman

Queen with a crown that be down for whatevera

There's a few things dat's forever, my lady

We can make war or make babies

Back when I was nothin

You made a brother feel like he was somethin

Dat's why I'm witchu til dis day Boo no frontin

Even when the skies were gray

You would rub me on my back and say "Baby it'll be okay."

Now dat's real to a brotha like me baby

Never ever give my pussy away and keep it tight aight

And I'ma walk these dogs so we can live

In a fat ass crib wit thousands of kids

Word life you don't need a ring to be my wife

Jus be there for me I'm a make sure we

Be livin in the fucking lap of luxury

I'm realizing dat cha didn't have to fuck wit me

But cha did now I'm going all out kid

And I got mad love to give, you my nigga

Chorus:

(x2)

Mary J Blidge:

Like sweet morning dew

I took 1 look at you

And it was plain to see

You were my destiny

With you I spend my time

I'll dedicate my life

I'll sacrifice to you,

Dedicate my life to you

Verse Two:

I got a love jonez for your body and your skin tone  
Five minutes alone I'm already on da bone  
Plus I love da fact you got a mind of your own  
No need to shop around you got dat good shit at home  
Even if I'm locked up North you in da world  
Rockin three fourths of cloth never showin' your stuff off, Boo  
It be true me for you dat's how it is  
I can be your knower you can be my Wiz  
Then I can be your sun, you can be my Earth  
Resurrect the God through birth, best believe

Chorus
