

# My Kind Of Country

Van Zant

I like to speak my mind  
Say grace at supper time  
Im just a dot on the mapAint scared to take a stand  
For this little piece of land  
Dont make me take you out backTattoos, sweet tea, NASCAR Sunday  
Hard hat, head back to work on MondayMy kind of country  
Little League, bass boats and good clean fun  
Thats my kind of country  
Roots run deep as they come  
In my kind of countryIm from the old school  
Live by the golden rule  
Aint no strangers around hereI like the simple life  
Sit a spell, have a bite  
Honey, get that man a beerCornbread, collard greens, mamas fried chicken  
Blue jeans, work boots, I'm still kickingMy kind of country  
Football, four-wheeling, good clean fun  
Thats my kind of country  
Roots run deep as they come  
In my kind of country, yeah, that's my kind of countryWe got Johnny Cash, Back in Black, Southern rock n' roll  
.38, Skynyrd, turn up that radioMy kind of country  
Camouflage, hunting dogs, good clean fun  
Thats my kind of country  
Roots run deep as they comeMy kind of country  
Backyard barbecue, get you some  
Thats my kind of country  
Roots run deep as they come  
In my kind of countryPick up trucks and dirt roads  
Ah, the fourth of July, salute the flag  
Yeah, my kind of country  
That, that, thats my kind of country
