Positive Guy Meets Negative Man

Princess Chelsea

He's a positive guy who comes to South Africa to spread the positive vibe.
He makes his money teaching businessmen to become positive guys.
He bangs his drums in a tribal way so they'll feel good all day.He's a negative man who does what he can with his money from the government.
He writes pretty songs and tries to get along with very positive guys.
But negative men and positive guys don't always go hand in hand.Positive guy meets negative man [x4]Negative man meets positive guy [x2]Positive guy meets negative man [x2]Negative meets positive [x2]Positive meets negative [x2]Negative man meets positive guy [x2]Positive guy meets negative manPositive guy seeks negative... man
