

# I've Got a Reason

[Rachel Sweet](#)

I've got a reason  
I've been feelin' blue  
My little boy's so sensitive  
He split my heart in two

Got a reason  
I'm feelin' this way  
I got a reason  
And I'm gonna make you pay

Spears of lightning  
Well, they broke down from the sky  
Calling your name now, in the night  
I just get no reply

Got a reason  
I'm feelin' this way  
Got a reason  
And I'm gonna make you pay

I'm gonna use every crook in the book  
Don't abuse me  
Don't abuse me, no

I had a vision  
Like a shining fire at night  
I can't believe it hurt so much  
You're gone now from my sight

Got a reason  
I'm feelin' this way  
Got a reason  
And I'm gonna make you pay

Got a reason  
Reason  
I'm gonna make you pay for this
