Dirty Weekend

Paul Bowen

Hey pretty woman are you willin', don't tell me no
I gonna take you to the place
Where the good time people go
It's a whole lotta fun there
Or we could fly just somewhere
Don't give me riddles, let me knowTrue, i might be wicked
No i won't tell no lie
Wanna live a life that's burning ?
It's easy if you tryDirty weekend
To help a little soul in need
Dirty weekend come along
This is just an offer you can't refuse
The time is running out
If you're looking for a
Dirty weekend
I'm the oneYour perfect body and my sense for company
We're made one for another
Like gold and luxury...mhh
Can't you feel the hunger
Like a magic spell we're under
Baby, you got the coffer i got the keySo gimme all or nothing
No, you won't see me cry
Wanna live a life that's burning ?
It's easy if you tryDirty weekend
To help a little soul in need
Dirty weekend come along
This is just an offer you can't refuse
The time is running out
If you're looking for a
Dirty weekend
I'm the one
