

# Lemonade (2.23)

Beck

Kiss the girl slay a hag  
Feel the flavor freedom fag  
Get up early, do your chores  
Chase the murder with the rancid pores  
The thyroids with friendly blade  
The haunted beast with faces flayed Silver chicken make a fuss  
Reveling in molten puss  
Favorite patrons crack their death  
With arteries and tinsel breath Revolution purple fist  
Pummeling your angel piss  
Sour powered wussy soul  
Solid darkness goddess show  
Weaving heirlooms through the hour  
From the cradle monster cowered Waking up delicious ghost  
They'll eat themselves from coast to coast  
Dancing in their bandages  
The victims grow leaving messages Hear the commune cocaine blast  
Earthly mothers with flattened chests  
Sloping gardens, mystic hours  
Fried vibrations overpowered  
In the mangles of their hair Shrouded spirits and underwear  
Crazy wires fuse their brains  
Drinking water sugar cane  
Playing drums and broken flutes  
Homeless gods and iron boots Flying wicked love control  
Circus storm and demon skull  
Entering the solar sphere  
Planets meld crystal clear  
Thrashing in the astral glow  
Flashing in their fleshly show Waking up delicious ghost  
They'll eat themselves from coast to coast  
Dancing in their bandages  
The victims grow leaving messages
