No Reins

Rascal Flatts

She left that loser in a dust cloud
Heart in his hand, chin on the ground
Cried her last tear for that clown
She can see a little clearer now
She said, "Oh, oh, I gotta go and find me"
Oh, oh she found the strength to break free

[CHORUS]
Like a painted wild mustang
Flyin' out across the open range
Finally gets to live her life that way
No fear, no fences, nobody-no reins

No reins

All she's ever felt is held back
She says, "It's kinda nice to hear myself laugh"
She's gonna do a lot more of that
She's makin' plans and makin' tracks
She said, "Oh, oh I gotta go and find me"
Oh, oh she found the strength to break free

[Repeat Chorus]

Oh, oh she's learnin' how to let go
Oh, oh whichever way the wind blows
Oh, oh she's learnin' how to let go

[Repeat Chorus Twice]

No reins
