I Summon You (Demo)

Spoon

Remember the weight of the world
It's a sound that we used to buy
On cassette and forty five
And now this little girl
She says will we make it at all
Eight hundred miles is a driveYeah you got the weight of the world coming down like a mother's eye
And all that you can
All that you can give is a cold goodbye
The law enforcement's impressed you've survived to this age
Strapped-up soldiers
They'll lock you in a cage without a goodbye
For a nickel bribe
But aww no where you are tonight
And how'd we get here
It's too late to break it off
I need a release
The signal's a cough
But that don't get me off
I summon you to appear my love
Got the weight of the world
I summon you here my loveRemember the weight of the world
It's a sound that we used to buy
And all that you can
All that you can give is a cold goodbye
The law enforcement's impressed you've survived to this age
Strapped-up soldiers
They'll lock you in a cage without a goodbye
For a nickel bribe
But aww no where you are tonight
And how'd we get here
It's too late to break it off
I need a release
The signal's a cough
But that don't get me off
I summon you to appear my love
Got the weight of the world
I summon you here my love
The signal's a cough but that don't get me off

I summon you here my love
