

# Let Me In

Tina Arena

It's like I'm walking from a dream  
It's cold and it's dark and I cannot see  
It's like I've been here before  
Why do I feel I cannot breathe?  
As your walls close in on me  
Would you let me in  
Help me remember?  
Now I know nothing lasts forever  
Would you let me in if I surrender?  
The warmth of the sun has disappeared  
A beating heart and a growing fear  
It's a rush of blood in to my head  
As I brace myself and hold my breath  
Will these walls close in on me?  
Would you let me in  
Help me remember?  
Now I know nothing lasts forever  
Would you let me in if I surrender?  
Would you let me in?  
Would you let me in?  
Would you let me in?  
If I surrender  
Would you let me in?  
Would you let me in?  
If I surrender  
I always thought time moves slowly  
Looking back  
Wishing I knew better  
Every tick of the clock is more time wasted  
So let me in  
I'll stay forever  
Just let me in  
Help me remember  
Now I know nothing lasts forever  
Would you let me in if I surrender?  
Would you let me in  
Help me remember  
Now I know nothing lasts forever  
Would you let me in if I surrender

I promise I'll surrender

Nothing lasts forever

Promise to surrender

Nothing lasts forever
