

Lil Baby (feat. Ty Dolla \$ign)

2 Chainz

[Hook: Ty Dolla \$ign]

Oh, oh, oh

Chopper one the things finna let along my baby

Lil baby, lil baby

Oh-oh

I just bought a pair of Rollies, got one for my baby

Lil baby, oh-ohh, lil baby[Verse 1: 2 Chainz]

Get out my car lonely

Take care the bar cover

Shawty got an ass so fat she got a scarf over it

I got them rocks on me

Used to have blocks on me

Now I'm living for Peta cause I got a fox on me, ah

Now that I told you niggas, I showed you niggas

She come through this bitch with Chanel on her pumps

Apples in back of the trunk

You know I flex if I want

We gon' bust stops on the highway

I got my hands on her thighs

I play with her pussy and listen to Sade

Told her to bring it here shawty

Told her to drop it there shawty

I'm from the belly of the beast

Remember I barely used to eat

Now that my weed is so loud you can hear it down the street

Pull up 10 cars deep, you can't get rich off sleep

[Hook: Ty Dolla \$ign]

Oh, oh, oh

Chopper one the things finna let along my baby

Lil baby, lil baby

Oh-oh

I just bought a pair of Rollies, got one for my baby

Lil baby, oh-ohh, lil baby[Verse 2: 2 Chainz]

I call her my lil baby

She act like a lil baby

She spoiled like it was the worst

She trip I buy her the suitcases

We make the screw faces

Had sex in a few places

Bedroom, living room, bathroom, kid's room, and the basement

Straight shot, no chaser

You'll always be my lil baby

Wanna know how your day been

Can't wait to go bare skin

Stretch you out by the bath rug

Give you hugs by the fireplace

Going down like the fire escape

Estate with the iron gates

All the diamonds got a ping on 'em

Living life like a king don't I

Walk around with your dream on

Never front on your team homie

They say sex a weapon

Shit mine got a beam on it

My spinach got cream on it

Ty Dolla go on and sing on it[Hook: Ty Dolla \$ign]

Oh, oh, oh

Chopper one the things finna let along my baby

Lil baby, lil baby

Oh-oh

I just bought a pair of Rollies, got one for my baby

Lil baby, oh-ohh, lil baby
