

# I Think I'M Falling In Love

## The Boyfriends

Seems like only yesterday  
I never felt this way  
And i know it feels somehow  
We're close to each other now When we're alone  
I feel something in my heart  
Coming deep inside that keeps on saying I think im falling in love  
something is telling me so  
I think im falling in love  
don't say goodbye  
Im in love with you Seems like only yesterday  
I never felt this way  
And i know it feels somehow  
We're close to each other now When we're alone  
I feel something in my heart  
Coming deep inside that keeps on saying I think im falling in love  
something is telling me so  
I think im falling in love  
don't say goodbye  
Im in love with you I think im falling in love  
something is telling me so  
I think im falling in love  
don't say goodbye  
Im in love with you
