

Would You Still Love Me?

Brian Nhira

Verse 1:

What if I couldn't speak
What if I couldn't eat
What if I couldn't move
Would you still love me?

Verse 2:

What if my body ached
And I always made you late
What if I couldn't wait
Would you still love me?

Chorus:

Would you love me when it's hard
When our life's fallen apart

When the things that we once knew are long gone
When our blue skies turn to grey
And my memory fades away
Would you still love me?

Would you still love me?

Verse 3:

What if I'm complicated
Always leaving you frustrated
Nothing ever went quite right
Would you still love me?
Wish I could let you know what the future holds
but that's a promise I can't make
through the good and bad happy and sad
love is a risk that we must take

Bridge:

If I could speak again
I'd ask you to remember when
We first met and fell in love
We were so young and dumb
But our love was so strong
Memories of those late night
Are what fuel this fight

Chorus:

Would you love me when it's hard
When our life's fallen apart
When the things that we once knew are long gone
When our blue skies turn to grey
And my memory fades away
Would you still love me?
Would you still love me?
