

# I Lie to Myself

Kt Mulholland

"I lie to Myself"

I used to be the real thing  
Everything or nothing  
Love was a heart thing  
Never was a head game  
But now a little bit older  
A little bit wiser  
I love a little slower  
And just a little bit colder

But now I find myself  
By myself  
Under these sheets  
I bet that I could find  
Some peace of mind  
If you were here with me

I lie to myself  
Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh  
I lie to myself  
Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh

I bet I know the moment  
I gave up on the details  
I gave up on the fire  
I gave up on the females  
I been burned once or twice  
I finally yelled stop  
I settled for the good life  
I bet Iâ€™ll be a good wife

But now I find myself  
By myself  
Under these sheets  
I bet that I could find

Some peace of mind  
If you were here with me

I lie to myself  
Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh  
I lie to myself  
Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh

Okay okay okay okay okay  
I hang my head in shame  
Every time I get wrapped up in your sheets and game  
Cause I outta know better  
You would think Iâ€™d learn  
That when I press up to your heat  
Iâ€™m gonna feel your burn (UH)  
Twenty years later like the B.I.G.  
I guess sometimes your lips and hips entice me  
So the game persists and I donâ€™t know why  
But I canâ€™t resist you so I tell a lie

I lie to myself  
Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh  
I lie to myself  
Ooh ooh ooh  
Ooh ooh ooh  
Ooh ooh ooh
