Cold Hearted Man

ACÏŸDC

No one knew
Where he came from
He never knew himself
Call her Ma
Call him Pa
But he was born to someone else
No one fooled
Or messed him 'round
Cause they were all afraid
Ain't no lies
Ice in the eyes
Of Leroy KincaidCold hearted man
One time lover heart in his hand
Cold hearted man
And you can't trust nothing you don't understand
Cold hearted man
Cold hearted manLike a snake
He had no friends
He didn't need no one
Hurt his pride
Deep inside
He was another mother's son
Reputation
Broken glass
Everybody prayed
For their lives on the street
Where they happened to meet
Leroy KincaidCold hearted man
One time lover heart in his hand
Cold hearted man, that's what he was
And you can't trust nothing you don't understand
Cold hearted man
Cold hearted manSometimes you can't see
The other side
It's too well hidden
For the naked eye
One time lover
With his heart in his hand
Two time loser

A broken manCold hearted man
He was a cold hearted man
Cold hearted man
Cold hearted man
Cold hearted man
He was a cold hearted man
Cold hearted man
Cold hearted man
