To Feel Is Like to Touch

The Knutz

To feel is like to touch
And it seems the same as breathing
To feel is like to whisper
It's like to feel so far your bodyI will take you over the moon, looping around and around
You will be so wonderful with the stars
I will be the chosen one to kiss your mouth
Here and near, strong and high
Our heart will be sealed and you will be mineNever lock your heart with seven keys
Do you wanna know everything about me
I will love you, I will kiss you foreverLet's spend our time doing what's right
It's all I ever wanted
So come to me and I will never let you,
I will never let you go
