Salome (Zooromancer Remix)

U2

Baby, please, baby, please don't go
I got lies to feed, they want skin and seed
Now, don't make me crawlBaby, please, baby don't bite your lip
Give you half what I got if you untie the knot
It's a promiseSalome, Salome, Salome, Salome
Yeah, yeah, yeahBaby, please, baby, what's that tune?
Well, I heard it before when I crawled through your door
And my blood turned blueBaby, please, baby, please slow down
Baby, I feel sick
Don't make me stick to my promiseSalome, Salome
Salome, Salome, Salome, SalomeBaby, please, baby, don't say no
Won't you dance for me
Under the cherry tree
Won't you swing down low?Please, baby, please say yes
Baby, don't go away, you're spilling me
And your precious loveShake it, shake it, shake it Salome
Shake it, shake it, shake it Salome
Shake it, shake it, shake it Salome
Shake it, shake it, shake it SalomeShake it, shake it, shake it Salome
Shake it, shake it, shake it Salome
Shake it, shake it, shake it Salome
SalomeAlright nowUnder the spell of your love
Under the spell of your love
