Signed, Sealed & Delivered

Sinner

Here I'm sitting now
Around me everything
Works cold and empty
There is no more faithWho says, you would have
A good character lies
Your little black heart strikes
On the wrong sideSigned, sealed & delivered
It's my wounded heart
I knew it from the start that it is
Signed, sealed & delivered
I can't wait any longer
Can't get any wrongerYour view changed
And at the end I failed
Don't expect me to die
With the pace of a snailI could not do it
What has happened here
Fought and crawling upward
I mark pain propertySigned, sealed & delivered
It's my wounded heart
I knew it from the start that it is
Signed, sealed & delivered
I can't wait any longerEverything I felt you
I forget the blue
Your words are full lies
There's no more desire noHere I'm sitting now
Around me everything
Works cold and empty
There is no more faithSigned, sealed & delivered
It's my wounded heart
I knew it from the start that it is
Signed, sealed & delivered
I can't wait any longer
Can't get any wrongerI can't wait any longer that it is
Signed, sealed & delivered
