

# We are Ready to Rock (The Theme of NICOTINE)

## Nicotine

I'm really really excited  
I'm sure you'll have a good time  
Lookin' for the party next to me  
If you know any good place  
You've got to tell me something  
Your first call sounds good to me I'm really really excited  
I'm sure you'll have a good time  
Lookin' for the party next to me  
If you know any good place  
You've got to tell me something  
Your first call sounds good to me The time has come  
Come on everybody and get together  
Now it's time Let's get crazy! It's party time.  
Let's go!

Hey, man! Put your head down!  
NICOTINE blows you all away  
Break down baby Shake it! Shake it!  
Upside down down down yeah  
Dress up baby Hook up! Hook up!  
Bra bra bra bra bra bra bra bra  
Take it away Hey girls, baby!  
We're ready to rock rock rock of the rock'n'roll  
Get ya! Your goddamn theories don't  
mean much to me, I say.  
Hey, man! Put your head down!  
NICOTINE blows you all away  
Break down baby Shake it! Shake it!  
Upside down down down yeah  
Dress up baby Hook up! Hook up!  
Bra bra bra bra bra bra bra bra  
Take it away Hey girls, baby!  
We're ready to rock rock rock of the rock'n'roll  
Ahhhhh
